25X1A ² •	Comment. Major Bedik (fnu) and Captain Zhkherbakov (fnu) are known from previous reports as receivers of food ration supplies in the location mentioned.	
25X1A ³ •	Comment. The food ration supply depot of the Southern Fighter Corps of the Twenty-Fourth Air Army is located in Keethen. It was previously observed that the individual corps supply depots of the air force received food ration supplies under central food ration depot of the Twenty-Fourth Air Army.	25X10
25X1A 4.	Comment. In the present report, too, the data on cutgoing shipments in November and December by the two sources are contradictory.	
25X1A	Outgoing shipments in November amounted to about 180 carloads and, compared with the about 340 carloads dispatched in October, considerably decreased. In December, the volume again increased to about 310 carloads. The raise in December is chiefly due to the increased delivery of supplies to the depots in Dresden, Kcenigs-	
	born and Justerbog.
